Top of Europe Contesters (SM) 494,765 (3)
Kontest Klub Krasnodarskogo Kraya (UA6) 297,562 (5)
Slovenia Contest Club (S5) 72,058 (3)

Our first contest as a club, and certainly an impressive debut! Fourth among non-EU clubs, and ninth in the world! Perhaps more notable than our finish is the number of logs submitted by CCO members (31); this bodes very well for our chances next year.

The big push in any contest club is the drive to get "bums in the seats", ie. the need to submit as many logs for a particular contest as possible. The more logs submitted, the better our chances are for a higher ranking next year.

Congratulations to all CCO'ers who participated in the 2002 WAE, our very first contest. Great work!
